

## Camp Philosophy/Information

The philosophy behind the Big Bend Community College Volleyball Camp is to provide campers with a fun and educational environment where the campers can learn and develop their skills.

The camp is intended for girls or boys in grades 6-12. At the beginning of camp, each camper will be divided into age groups and ability levels to insure the best possible learning environment.

Skills taught at camp will include basic technical skills such as passing, setting, serving, attacking, blocking and defense. Then campers will be placed in game situations to put into practice what has been learned.

Each day of camp will have a morning session and an afternoon session (except Thursday) with a lunch break in between. During the lunch break, campers will be supervised by the camp staff. A camper must have written permission from a parent in order to leave the campus, NO EXCEPTIONS!

The camps will be coached by Vikings Head Coach Michael De Hoog, Assistant Coach Cari Galbreath and members of the Vikings Volleyball Team.
