The club is planning a car wash May 2, and members will assist in Educate! and Cellarbration! New officer elections will be held May 14.

b. Classified Staff Representative Starr Bernhardt provided the STAR committee update. They recently held a professional development opportunity for Classified Staff. The scavenger hunt activity, designed and implemented by the STAR committee, enhanced team building and communication skills. Attendees went all over campus seeking clues and visited areas they had not seen before. After the hunt, the attendees played Jeopardy with questions and answers based on BBCC facts. Ms. Bernhardt stated the participants indicated that the event was a success. The committee enjoyed planning and facilitating the event.

c. Faculty Association President Rie Palkovic provided updates from the faculty members. Dr. Ryann Leonard’s students are helping with SWAT training. This provides good interaction between the students and law enforcement. New English Instructor Cara Stoddard is connecting technology to literature. Her students posted podcasts about their recent readings about the Columbia River. Instructor Stoddard’s Graphic Novel as Literature class is using a blog for students’ responses. The students post a photo and a link to a website or audio piece.
Congratulations to Developmental English Instructor Dave Hammond for earning third place in the Writing on the River fiction writing competition. English Instructor Matt Sullivan served as a judge for the competition and all writings were submitted to the judges anonymously.

d. VP Gail Hamburg reported security camera coverage on campus is expanding. New software, which is also being used on other campuses, will be used. Security Director Kyle Foreman visited another campus with the same software, and it is a good choice. He will present more detailed information at a future board meeting.

e. VP Mohrbacher reported Miraclejoy Curtis was invited to the WA Student Services Commission in Tacoma. Her essay was one of four chosen during the competition. Miraclejoy will sit on a panel to present to 500 student service professionals at the commission meeting.

WAMAP, the open-source non-profit software system Emporium Math uses was hacked yesterday. The site was shut down for four hours; it is fully operational now.

VP Mohrbacher referred to the enrollment information in the board packet. Winter enrollment decreased slightly due to basic skills. GED testing procedures changed statewide. Students taking the former test had to be finished in December or begin training on the new test. Enrollment is also down slightly in spring but not quite as much as the statewide decrease. BBCC continues on target for the year.

f. VP Kim Garza provided an update from Human Resources. The HR consent agenda item includes outstanding employee award nomination forms. The nominations will be celebrated June 6 during the annual celebration luncheon. All are invited, and Melinda can share the forms electronically if needed. Columbia Colstor VP Mike Bolander will present the training session Influencing Others May 5 for BBCC staff. June 3, Brian Willette from the State Auditor’s office will provide Strategic Planning training on campus; community members will also be attending. July 10, two training sessions on communication and conflict resolution will be available for employees. Trustees are welcome to attend any training sessions. VP Garza stated the hiring process is in full swing, and she hopes to release the names of new employees soon.

g. Foundation Office Manager Dawn Geiger shared Executive Director LeAnne Parton’s update for the Foundation.

5. Peer Advocate Coaches (PAC) Presentation
Title V Activity Coordinator Beth Laszlo accompanied the PAC Leaders to the meeting. She said the leaders are building great leadership skills. The PAC Leaders, Linda Mattson, pursuing Elementary Education; Tyler Greenwalt, pursuing a Business DTA; Michael McDonald, pursuing International Relations; Samantha Pruneda pursuing Radiology Tech; Fausto Parra, pursuing his AA; Lupe Compos, pursuing a Business Management DTA; and David Repp pursuing Mechanical Engineering shared a video about the program. A 2011 Connect 2 Complete grant for BBCC initiated the PAC program.
Peer advocates attend College Survival Skills (CSS) classes once a week to support student success and persistence. PAC mobilizes students to help other students persist. Forty-four BBCC students have served 800 students since the beginning of the program. PAC Training includes 20 hours of in-class training and 10 hours of experiential learning with CSS visits and earns 2 credits. The PAC community projects have included food drives, book swaps and Veterans Day awareness and recognition. The PAC Leaders also connect with the CSS students through Facebook, and many of those connections continue beyond the class. Trustee Mike Blakely shared that he would like to see these student leaders reaching out to our local high schools.

6. **Exceptional Faculty Award**

Dr. Ryann Leonard attended the Annual American Psychology – Law Society Conference in New Orleans, Louisiana. There is a small group of instructors nationwide who teach a combination of law and psychology courses. This conference gave Dr. Leonard an opportunity to connect and reconnect with her colleagues. She encouraged her students to choose the sessions she should attend from the conference agenda. Dr. Leonard learned about crime in Canada, new research on interrogations, policy issues that impact police procedure, and active shooters and predictability factors. She also heard from a great researcher regarding confessions and false confessions and helping innocent people be exonerated.

Dr. Leonard shared information about the 8th Annual Community Partnership Against Substance Abuse that will be held on campus Wednesday, May 14.

CDL Instructors Randy Miller and Guillermo Garza attended the National Association of Publicly Funded Truck Driving Schools (NAPFTDS) Conference in Charleston, SC. Instructor Garza said they learned how to increase interactive activities in classes and were provided examples of different materials to help student engagement. There was also discussion about the challenges of adult learners, i.e. hearing loss, dyslexia, and vocabulary problems. A student leader is also an important key to student success.

Instructor Miller talked about how helpful simulators are for giving student drivers experience with safety issues. He said the rules and regulations are continually changing, and he gets up-to-date information from the Federal Motor Carrier Safety Administration (FMCSA) website. He has also contacted the local Department of Licensing, and they have agreed to contact the college with updates. The demand for drivers has increased due to tightened rules. Training needs to be tighter to provide quality CDL drivers.

7. **Community Engagement Ends Report**

Dean Valerie Kirkwood introduced the Community Engagement Ends Report. She said this report reflects the new core themes and Ends Statements. VP Bob Mohrbacher shared the partnership overview. He highlighted AVID in Higher Education. AVID training sessions have received high marks from attendees. Sixteen faculty members are implementing AVID strategies in the classroom and provide reports to Institutional Research. For example, a Business Information Management class has implemented Cornell note taking, and collaboration strategy is being used in Finite Math 147. There has been no immediate impact on grades, however student engagement has improved. An ESL class implemented AVID organization and time management strategies. This helped the students to learn about responsibility. Trustee Mike Villarreal was in AVID training last week in California, and one of the AVID staff made a reference to BBCC.
They made positive comments about BBCC and the potential impact with so many surrounding AVID school districts. This is very unique, and they are paying attention to BBCC. Trustee Jon Lane asked about involving the professional/technical instructors with the AVID curriculum. VP Mohrbacher responded that AVID for Higher Education has initiated a training segment for professional/technical instructors, and he hopes professional/technical faculty will begin attending that next year.

VP Mohrbacher concluded his portion of the report sharing that the Center for Business & Industry Services (CBIS) is going strong with Jaxon Riley as the coordinator. CBIS is holding a Project Management Seminar today, which is full of students. There are several Job Skills Programs going and in development: REC, SGL, General Dynamicx SVZ and Genie. Ms. Riley is also developing in partnership with the Moses Lake Chamber of Commerce Leadership Columbia Basin for young professionals in the community.

James Sauceda, Engineering Curriculum Specialist, shared STEM partnership information. Students have gone on field trips to see what the career field looks like. REC Solar Days was a huge success last year, and it will be an annual event. The third annual STEM Summer Institute will be held this summer with CWU and EWU participating. A STEM Advisory Committee has been developed with community members from the fields of K-12 education, chemical manufacturing, food processing, and universities. He is also working with the Grant County EDC to fill the need for those who require diverse breadth of technical requirements but are not engineers. The next STEM Advisory meeting is April 22 at 5:30 p.m. Director of STEM Andre Guzman has been talking with the school district about the STEM Middle School, which will be housed in the former alternative high school that is adjacent to the BBCC campus.

VP Gail Hamburg shared about the budget process and how it is tied to strategic goals. Each year the budget and budget process is reviewed with the Board. The Budget Review Task Force met regularly between 2008-2012, the years of the major budget cuts, to determine what could be cut while still maintaining BBCC’s core functions. The core of the planning is driven by the strategic plan, the Academic Master Plan (AMP). One example is the hiring of a web specialist this year. VP Hamburg reviewed the 2014-15 budget outlook. The 2014-15 BBCC budget will decrease by 1.8% due mostly to pass through budget items, and there will be a $48,000 budget decrease for BBCC due to statewide LEAN reductions. Tuition will remain at the 2013-14 levels.

VP Hamburg also talked about how BBCC continues to increase sustainability efforts. One example is the PaperCut printing software that tracks printing. Students are given 150 free prints and additional prints at ten cents. This change was implemented in 2008, before that students had unlimited printing capabilities. Dean Fuhrman stated prior to this change the library used a pallet of paper a quarter, and now one pallet lasts a full year. The business office has also made substantial sustainability improvements. They now receive reports from the SBCTC electronically rather than reports using reams of paper mailed from the SBCTC. Financial Aid is also receiving electronic reports.

State legislation mandated annual tracking and reduction planning for emissions. The Greenhouse Gas Consumption Reduction Plan (GHG) uses 2005 as a baseline. BBCC plans to reduce GHG emissions by 57.5% by 2050. In 2012, the reductions reached 6.2%.
Energy efficient lighting installed in the last two years have impacted this positively. About 87% of emissions come from buildings’ electrical usage. VP Hamburg stated BBCC continues to promote more recycling. The Phi Theta Kappa Club has taken recycling on as a project. Construction standards are being discussed to impact sustainability. VP Hamburg will share emission reduction information with the board annually.

Trustee Jon Lane asked about the impact of PaperCut on student success. VP Mohrbacher indicated there has been no adverse effect. Students are more aware of what they are printing, and students use their network drives to save information.

The reporting structure does not take into account that we use hydroelectric power. Moving out of the old Air Force buildings and into the new PTEC building will make a big impact on the GHG emissions reduction effort.

Motion 14-18 Trustee Stephen McFadden moved to accept the Community Engagement AMP Report. Trustee Jon Lane seconded, and the motion passed.

8. TACTC Awards Nominations
Board Chair Mike Blakely thanked his fellow trustees for nominating him for the TACTC Trustee Leadership Award. Director of Student Support Services Custodio Valencia was nominated for the TACTC Equity Award. Samaritan Healthcare was nominated for the TACTC Partner of the Year Award. Samaritan Healthcare has given $743,000 to BBCC over the past few years. Their new CEO, Tom Thompson, stated he wants to continue to increase the partnership. The TACTC Award Committee will have a telephone conference next Monday. Jon Lane commended Chair Mike Blakely for his leadership and advocacy for BBCC.

Motion 14-19 Trustee Jon Lane moved to endorse the TACTC nominations as presented. Trustee Anna Franz seconded, and the motion passed.

9. Assessment of Board Activities
Trustee Jon Lane attended AVID training and reported he was very impressed with the student success discussion and the care for students’ needs outside the academic realm. He also attended the Job & Career Fair yesterday and heard several positive comments from participants. This year’s fair had lower attendance, but the quality of applicants was higher. Trustee Lane is on the TACTC Budget Committee, and he participated in two phone conferences. He commended VP Hamburg for the thorough budget presentations she provides.

Trustee Mike Villarreal attended an AVID conference last year. He also wrote a recommendation letter for Mike Blakely’s TACTC Trustee Leadership nomination.

Trustee Anna Franz wrote a letter of recommendation for Mike Blakely’s TACTC Trustee Leadership nomination.

Trustee Mike Blakely attended a Quincy Leadership Roundtable meeting and shared about Cellarbration! He also attended BBCC baseball games.
He met with Tom Thompson CEO of Samaritan Healthcare and contacted trustees about TACTC nominations. Trustee Blakely wrote the TACTC Equity Award nomination for Custodio Valencia and the TACTC Partner of the Year Award for Samaritan Healthcare. He met with Dr. Leas to review the board agenda. Trustee Blakely contacted Senator Cantwell regarding JATP Visa issues. He also had lunch with Mrs. Callaway, a potential trustee, and he contacted another potential trustee. Lastly, he distributed posters and invitations for Cellarbration!

10. Regularly Scheduled Board Meeting
The next board meeting is scheduled on May 22, 2014, at 1:30 P.M.

11. Miscellaneous
President Leas stated the Transforming Lives Award celebration was a success. The Spring TACTC Convention will be held May 15-16 in Yakima. He asked the trustees to rsvp with Melinda.

The Moses Lake Kiwanis and Rotary are sponsoring a golf tournament to raise $25,000 for 20 Automated External Defibrillators (AED) for BBCC.

President Leas reminded the trustees to consider nominating college employees with the nomination forms included in the HR consent agenda section.

The Chronicle of Higher Education recently published an article about a college university board spending $100,000 in one year for travel. That state’s legislators were looking into proper use of state money. President Leas found that all expenses for the BBCC Trustees for the past year totalled $17,000. BBCC trustees are good stewards of the public’s money.

AAG Mirisa Bradbury shared the recently mandated ESB 5964 regarding mandatory Open Public Meeting Act training for all trustees that goes into effect July 1, 2014. Her office has a 45-minute overview presentation, online resources, and binders of information. The September board agenda will include training by AAG Bradbury to adhere to ESB 5964.

The meeting adjourned at 1:23 p.m.

c. Student Success Initiatives

Estimated Employment Rates

The Estimated Employment Rate is derived from the Washington State Board for Community and Technical Colleges (SBCTC) data matched with Unemployment Insurance (UI) earnings from Washington, Oregon, Idaho, and Montana. The estimated employment rate includes students who were employed in these four states students estimated to be employed beyond the four-state region and/or students who were self-employed. The total column on the following page indicates the number of students who provided a social security number to BBCC, earned certificate(s) or degree(s), were no longer enrolled at BBCC, and did not transfer to another college. Data is gathered in the 3rd quarter after a student leaves college, when employers report earnings to Unemployment Insurance.

Data for the 2011-12 year was retrieved in December 2013.

f. Capital Project Update

BACKGROUND:

Facilities Master Planning: Our capital proposal to State Board for PTEC was submitted by the February 28 due date. On April 21 we received an email with the prioritized list, and we were #1 on the list! We had a great team working on the proposal and a special “thank you” goes out to everyone involved.

We met with the architects on April 10 and have a plan for spending the Minor Improvement funds based on the current Facilities Master Plan. We are also working on standards for building finishes, HVAC systems, landscaping and so forth to incorporate into the Facilities Master Plan. The Academic Master Plan Committee met and is finalizing the update to the AMP. After careful review of this updated plan, the Facilities Master Plan will be completed.

History:

4/14/2014: The architects were on campus on April 10 to review the Facilities Condition Report further. The purpose of this exercise is to address needed repairs and improvements that could be funded from Minor Improvement funds. This information will be included in the Facilities Master Plan. The Academic Master Plan Committee met on April 14. They are in the final stages of updating the AMP. After careful review of this updated plan, the Facilities Master Plan will be completed.

3/06/2014: The Facilities Master Plan is in the process of being finalized. The Master Plan identifies a new interactive Professional Technical Education Center (PTEC) as its number one priority. It further distinguishes five primary goals: promote student success; offer state-of-the-art teaching and learning opportunities; provide a safe, accessible, and sustainable campus; create a sense of campus identity; and expand and enhance partnerships and collaboration. This Master Plan has been guiding our capital proposal to the State Board for a PTEC proposal. The proposal is due February 28, and then all of the proposals will be scored in March and April. We expect to hear where our proposal ranks in early May.

1/16/2014: The Facilities Master Planning Committee met again on January 10, 2014 to discuss Master Plan goals and objectives, including both short-term and long-term facility needs. The architects have been meeting with personnel from the Grant County Economic Development Council and the Moses Lake School District. They have also reviewed information from the Facility Condition Report with mechanical, electrical and structural engineers. Surveys were administered to students, faculty, staff, and business & industry; survey responses were analyzed.
12/12/2013  The Facilities Master Planning Committee was formed and met on December 6 to start the process of updating the Facilities Master Plan. Three different facility assessment surveys were distributed to business and industry, students, and faculty and staff. Input from these surveys help us better understand the current and future needs of all programs. One of the committee’s goals is to align the Facilities Master Plan with the Academic Master Plan.

j. Enrollment Report

BACKGROUND:

The 2013-14 FTE report as of May 9th and the Spring Quarter 2014 Tenth Day report are included for your information. We are currently 2.6% over our two-year state-funded FTE target. As of the 10th day of the quarter, state-funded FTE was down 4.3% and headcount was up 1.5% from the 10th day of spring 2013. Academic and occupational FTE are each lower in Spring Quarter 2014. The increase in headcount is attributable to Running Start enrollments at Moses Lake and Ephrata. There are 26 more Running Start students from Moses Lake and 71 more from Ephrata, including 58 enrolled in Running Start in the high school at EHS. The percentage of students who are enrolled full time has stayed nearly the same.

The tuition amount budgeted for 2013-2014 is $4,264,284. As of April 30, 2014, we have collected $6,077,888 or 142.5% of the budgeted amount. As of April 30, 2013, we had collected $5,892,134 or 147.0%.

Re: Faculty Excellence Award

Event: Aviation Technician Education Council (ATEC) conference

Location: San Antonio TX

Date: April 6, 7, 8, 2014

Having the opportunity to attend such conferences has been a great way of meeting others in my area of instruction, and opening up dialog with other instructors and institutions. The presentations at this year’s conference had great relevance to the changing environment in not only aircraft technologies, but student learning patterns. A presentation of the learning styles of our young students was very informative, and offered some great ways to embrace these modern technologies and integrate them into the classroom and learning environment. I received a text message shortly after that presentation from the substitute instructor that was filling in for me while gone stating, “we need to ban all these iPads, smart phones and lap tops from the hanger”. I replied back to him that we need to learn to embrace and include these devices into the learning process and figure out a way to control the information that the students are accessing with them. A presentation of PTSD was also very informative as we are seeing more and more students coming back from overseas, and the need to be able recognize the signs and symptoms of PTSD, and how to offer help and assistance.

Once again I would like to thank Big Bend Community College, and the Board Of Trustees for the opportunity to attend this conference.

Sincerely

Dan Moore

Re: Faculty Excellence Award

Event: Aviation Technician Education Council (ATEC) Conference

Location: San Antonio, TX

Date: April 5, 6, 7, 8 2014

I want to thank Big Bend Community College and the Board of Trustees for the opportunity to go to the Aviation Technician Council Conference (ATEC). I have been unable to go in the past because of staffing issues. The contacts I made there will serve Big Bend Community College for years to come.

The speakers at the conference were very informative. Dr. James May Spoke on “using technology to enhance lectures.” This really opened my eyes to how students are now learning. I should be starting to embrace new technologies instead of shirking them. In class we were able to put a training session on you tube in about 90 seconds.

The honorable Christopher Hart from the National Transportation safety board NTSB spoke on the relevance of A & P schools and the safety of the American flying public. Other speakers covered were “The New Corporate Aviation Maintenance Technician”, “Human Factor Issues” – Don Wilson, “Boeing Dreamliner Update” – Mike Walker, “Current Objective Implementation in part 147 Aviation Maintenance Schools” – Fred Dyen, “PTSD Impact on AMT’s in the Classroom” – Brook Army medical Center, and “Part 147 OpSpecs and Implementation into the Classroom” – Raymond Thompson/Charles Horning.

Again many Thanks to Big Bend Community College, and the Board of trustees for giving me the opportunity to attend the conference and learn techniques and skills to improve my teaching and make my classroom time more productive and technologically advanced.

Sincerely,

Erik Borg

ITEM #8: Review of 2014-2019 AMP (for action)

BACKGROUND:

The proposed 2014-2019 Academic Master Plan (AMP) Student Success will be reviewed during the meeting.

Prepared by Vice President Mohrbacher.

RECOMMENDATION:

President Leas, VP Mohrbacher and Dean Kirkwood recommend approval of the 2014-2019 Academic Master Plan as presented.
OVERVIEW

The Big Bend Community College (BBCC) Academic Master Plan (AMP) 2014-19 serves as the strategic plan for the college. The plan is titled *Student Success* in order to emphasize the fact that student success is BBCC’s number one priority. The AMP is reviewed annually, updated as needed, and re-written every five years, in order to ensure that it remains a living document that is responsive to the needs of students and our service district.

The AMP outlines BBCC’s process for assessing mission fulfillment. This process includes identifying measurable outcomes, setting relevant objectives, and tracking appropriate indicators of success. The results of these assessments are reported annually in a series of monitoring reports. The monitoring reports respond to BBCC’s Core Themes, as well as to the Board of Trustees’ Ends Statements.

MISSION, VISION, & VALUES

During 2013-14, BBCC engaged in a collaborative process to review and rewrite its mission statement. This process involved college faculty and staff, as well as students and community members. As a result of this process, BBCC adopted new statements of mission, vision, and values. Starting with these statements, the college then wrote new Core Themes outcomes and objectives; the Board of Trustees updated and revised their Ends Statements in order to align the college’s strategic planning goals with the Board’s expectations.
**BBCC Mission Statement:**
Big Bend Community College delivers lifelong learning through commitment to student success, excellence in teaching and learning, and community engagement.

**BBCC Vision Statement:**
Big Bend Community College inspires every student to be successful.

**BBCC Values:**
Our institutional values are principles, fundamental beliefs, or qualities that shape institutional attitudes, opinions, decisions, and actions.

**Student Success**
- Academic achievement
- Empowerment
- Lifelong learning
- Service to students

**Excellence**
- Innovation
- Commitment to quality
- High standards
- Continuous improvement

**Community Engagement**
- Collaboration
- Outreach
- Partnerships
- Improving quality of life

**Inclusion**
- Diversity
- Access
- Opportunity
- Equity

**Integrity & Stewardship**
- Accountability
- Sustainability
- Ethics and honesty
- Resource management

These statements form the foundation of BBCC’s mission and strategic planning process. Building on this foundation, the college establishes operational goals in two ways:

- **Core Themes** establish assessable outcomes for mission fulfillment.
- Board of Trustees’ **Ends Statements** lay out the Board’s expectations for meeting the needs of our service district.

These items form the architecture of the AMP, as approved by the Board of Trustees and as demonstrated in the following diagram.
**Big Bend Community College Governance**

**Ends Statements:**
Describe how the Board expects the college to interact with and have an impact on our service district

**Core Themes:**
Address the three broad areas described in the mission and represent the primary measure of mission fulfillment
CORE THEMES

The Core Themes represent BBCC’s primary measure of mission fulfillment. There are three core themes:

- Student Success
- Excellence in Teaching & Learning
- Community Engagement

Each core theme is composed of an overarching outcome, one or more specific objectives, and the indicators used to measure success. Each Core Theme is described separately below.

Student Success

Outcome: BBCC provides access to programs and services that meet the needs of our service district.

The core theme of Student Success focuses on access to educational resources; correlating student activity with success, retention, and completion; and assuring that students leave BBCC with the preparation that they need for their next step, whether that is to transfer to a four-year institution or to enter the job market. Both internal and external data are collected annually, reported to the Board of Trustees and the college community, and assessed for effectiveness. The results of these assessments are used to make decisions for budgeting, program changes, and other measures.
Excellence in Teaching and Learning

Outcome: BBCC supports innovation, variety, and creativity; maintains high academic and industry standards; and supports professional development for continued growth.

The core theme of Excellence in Teaching & Learning focuses on delivering innovative and successful programs, both in and out of the classroom, in order to help students achieve high academic standards. This requires ongoing professional development for faculty and staff, as well as ensuring that programs have adequate resources to effectively implement best practices. Both internal and external data are collected annually, reported to the Board of Trustees and the college community, and assessed for effectiveness. The results of these assessments are used to make decisions for budgeting, program changes, and other measures.

The core theme of Community Engagement addresses the college’s partnerships with business and industry; K-12 and university partners, as well as other community and technical colleges; and the cultivation of an inclusive campus environment. It also addresses responsible stewardship of natural and fiscal resources. The reporting for Community Engagement also includes an annual summary report to the Board of Trustees from the Big Bend Community College Foundation on their activities and accomplishments for the year.

Both internal and external data are collected annually, reported to the Board of Trustees and the college community, and assessed for effectiveness. The results of these assessments are used to make decisions for budgeting, program changes, and other measures.
BOARD OF TRUSTEES’ ENDS STATEMENTS

While the Core Themes address the three broad areas described in the mission statement and represent the primary measure of mission fulfillment, the Board of Trustees also establishes Ends Statements as part of the Policy Governance process. The Ends Statements give guidance to the president and college personnel with regard to specific areas of policy focus. The Ends Statements describe how the Board expects the college to interact with and have an impact on our service district. There are six Ends Statements, as describe below.

End 1: Mission

Big Bend Community College delivers lifelong learning through commitment to student success, excellence in teaching and learning, and community engagement.

End 2: Student Success

BBCC provides the diverse population of its entire district with access to opportunities, assists students in completion of their goals, and develops skills for lifelong learning.

End 3: Excellence in Teaching and Learning

BBCC supports innovation, variety, and creativity; maintains high academic and industry standards; and supports professional development for continued growth.

End 4: Community Engagement

BBCC supports economic development by nurturing community and industry partnerships and support to the college to enhance access and service to our district population.

End 5: Integrity and Stewardship

BBCC acts as a responsible steward of resources by promoting accountability, sustainability, ethics and honesty, and prudent resource management to provide quality and affordable resources to the diverse population of our service district.

End 6: Inclusion and Climate

BBCC provides and maintains a climate of inclusiveness for students, employees and partners by maintaining a safe learning environment and promoting cultural inclusiveness, understanding, and respect by embracing diversity, access, opportunity, and equity.
MONITORING REPORTS

BBCC has established a culture of evidence and uses data and assessment findings in order to inform planning and decision making. While this culture of evidence takes many forms on a day-to-day basis, the formal structure for tracking and publishing evidence is through the annual AMP monitoring reports. The first three monitoring reports below are compiled by the Institutional Research and Planning Office, in conjunction with other college departments and focuses on a specific set of outcomes. The Budget and Safety Monitoring Reports are assembled through the office of Vice President for Financial and Administrative Services. The reports are then presented to the Board of Trustees and disseminated to the college community.

The following Monitoring Reports will be presented to the Board of Trustees and the college community on an annual basis:

1. Community Engagement
2. Excellence in Teaching & Learning
3. Student Success/Mission Fulfillment
4. Budget Reports
5. Safety Report

ADDITIONAL STRATEGIC PLANNING TOOLS

The AMP represents the guiding architecture for strategic planning and mission assessment at BBCC. In conjunction with the AMP, several other strategic documents outline annual goals and outcomes for specific aspects of the college.

Facility Master Plan

The Facility Master Plan is a strategic effort to evaluate and identify the physical needs of the campus to support Big Bend’s academic mission and strategic vision. The current Facility Master Plan was rewritten in 2013-14 in order to align facility planning with the new mission statement, the Board's Ends Statements and the AMP. The Facility Master Plan includes a number of components, including the history of the campus; internal and external needs for facility development and use; an assessment of current space availability and usage; an in-depth assessment of the conditions of current facilities; and a tentative schedule for future development of the physical plant of BBCC. The Facility Master Plan establishes specific goals for use and development of the physical campus, in order to support the accomplishment of overall strategic planning goals.
Marketing Plan

As part of the AMP strategic planning process, BBCC establishes outcomes and objectives for its Marketing Plan. Those outcomes and objectives are outlined below. The Director of Public Information presents an annual report to the Board of Trustees outlining accomplishment of these outcomes.

1. Branding & Image
Outcome: People see BBCC as a first choice for high-quality, good-value, up-to-date education and training.

Statement of Student Rights

As members of the academic community, students are encouraged to develop the capacity for critical judgment and to engage in an independent search for truth. Freedom to teach and freedom to learn are inseparable facets of academic freedom. The freedom to learn depends upon appropriate opportunities and conditions in the classroom, on the campus, and in the larger community. Students should exercise their freedom with responsibility. The responsibility to maintain and to respect the general conditions necessary for a free and effective learning environment is shared by all members of the college community.

The following enumerated rights are guaranteed to each student within the limitations of statutory law and college policy which are deemed necessary to achieve the educational goals of the college:

1. Academic freedom.

A request for review may be deemed to have been denied if the reviewing officer does not make a disposition of the matter within twenty (20) days after the request is submitted.

(2) The committee chair is authorized to conduct prehearing conferences and/or to make prehearing decisions concerning the extent and forms of any discovery, issuance of protective orders, and similar procedural matters.

(3) Upon request filed at least five (5) days before the hearing by either party or at the direction of the committee chair, the parties shall exchange, no later than the third day prior to the hearing, lists of potential witnesses and copies of potential exhibits that they reasonably expect to present in their respective cases. (5) The parties may agree before the hearing to designate specific exhibits as admissible without objection and, if they do so, whether the committee chair may provide copies of these admissible exhibits to the committee members before the hearing.

(6) The VP of Instruction & Student Services (or designee) shall provide reasonable assistance to the respondent, upon request, in obtaining relevant and admissible evidence that is within the college's control.

(7) Communications between committee members and other hearing participants regarding any issue in the proceeding, other than procedural communications that are necessary to maintain an orderly process, are generally prohibited without notice and opportunity for all parties to participate; any improper "ex parte" communication shall be placed on the record, as further provided in RCW 34.05.455.
(8) Each party may be accompanied at the hearing by a non-attorney assistant of his or her choice. A respondent may elect to be represented by an attorney at his or her own cost, but will be deemed to have waived that right unless, at least four (4) business days before the hearing, written notice of the attorney's identity and participation is filed with the committee chair with a copy to the student conduct officer. If any person disrupts the proceedings, the chair may exclude that person from the hearing room.

(3) The chair shall cause the hearing to be recorded by a method that he/she selects, in accordance with RCW 34.05.449. That recording, or a copy, shall be made available to the respondent upon request. The chair shall assure maintenance of the record of the proceeding that is required by RCW 34.05.476, which shall also be available upon request for inspection and copying by the respondent. Other recording shall also be permitted, in accordance with WAC 10-08-190.

(4) The chair shall preside at the hearing and decide procedural questions that arise during the hearing, except as overridden by majority vote of the committee.

(5) The Vice President of Instruction & Student Services or a designee (unless represented by an assistant attorney general) shall present the case for disciplinary action. The facts justifying any such action must be established by a preponderance of the evidence.

(6) All testimony shall be given under oath or affirmation. Evidence shall be admitted or excluded in accordance with RCW 34.05.452.

The initial decision shall include findings on all material issues of fact and conclusions on all material issues of law, including which, if any, provisions of the student conduct code were violated. Any findings based substantially on the credibility of evidence or the demeanor of witnesses shall be so identified.

(3) The committee's initial decision shall also include a determination on appropriate discipline, if any. If the matter was referred to the committee by the student conduct officer, the committee shall determine any disciplinary sanction or conditions authorized herein. If the matter is an appeal by the respondent, the committee may affirm, reverse, or modify the discipline imposed by the student conduct officer and/or impose any other disciplinary sanction or conditions authorized herein.

(4) The committee chair shall provide copies of the initial order to the parties and any legal counsel who have appeared. The committee chair shall also promptly transmit a copy of the order and the record of the committee's proceedings to the College President and the Vice President of Instruction & Student Services.

(2) The notice of appeal must assign error to specific findings of fact and/or conclusions of law in the initial order and must contain argument regarding why the appeal should be granted. The president’s review on appeal shall be limited to a review of those issues and arguments raised in the notice of appeal. Review shall be restricted to the record created below.

(3) The president shall provide a written order to all parties within forty-five (45) days after receipt of the notice of appeal. The president's decision shall be final.

(5) The president shall not engage in an ex parte communication with any of the parties regarding an appeal.
SUMMARY SUSPENSION

   (b) During the summary suspension hearing, the issue before the conduct review officer is whether there is probable cause to believe that the summary suspension should be continued
pending the conclusion of disciplinary proceedings and/or whether the summary suspension should be less restrictive in scope.

(c) The respondent shall be afforded an opportunity to explain why summary suspension should not be continued while disciplinary proceedings are pending or why the summary suspension should be less restrictive in scope.

Both the respondent and the complainant in cases involving allegations of sexual misconduct shall be provided the same procedural rights to participate in student discipline matters, including the right to participate in the initial discipline action and to appeal the student conduct officer’s disciplinary order.

Application of the following procedures is limited to student conduct code proceedings involving allegations of sexual misconduct. In such cases, these procedures shall supplement the student disciplinary procedures in WAC 132-125-005 through -060. In the event of conflict between the sexual misconduct procedures and the student disciplinary procedures, the sexual misconduct procedures shall prevail.

SUPPLEMENTAL DEFINITIONS
WAC 132-125-105

For purposes of student conduct code proceedings involving sexual misconduct, the following definitions apply:

(1) The “complainant” is the alleged victim of sexual misconduct. Complainant also refers to the college when the college files the complaint.

(2) “Sexual misconduct” is a sexual or gender-based violation of the student conduct code, including, but not limited to:

a) sexual activity for which clear and voluntary consent has not been given in advance;
b) sexual activity with someone who is incapable of giving valid consent because, for example, she or he is underage, sleeping or otherwise incapacitated due to alcohol or drugs;
c) sexual harassment;
d) sexual violence, which includes, but is not limited to, sexual assault, domestic violence, intimate violence, and sexual or gender-based stalking;

SUPPLEMENTAL COMPLAINT PROCESS
WAC 132-125-110

The following supplemental procedures shall apply with respect to complaints or other reports of alleged sexual misconduct by a student.

1. The college’s Title IX compliance officer shall investigate complaints or other reports of alleged sexual misconduct by a student. Investigations will be completed in a timely manner and the results of the investigation shall be referred to the student conduct officer for disciplinary action.

2. Informal dispute resolution shall not be used to resolve sexual misconduct complaints without written permission from both the complainant and the respondent. If the parties elect to mediate a dispute, either party shall be free to discontinue mediation at any time. In no event shall mediation be used to resolve complaints involving allegations of sexual violence.

3. College personnel will honor requests to keep sexual misconduct complaints confidential to the extent this can be done without unreasonably risking the health, safety and welfare of the complainant or other members of the college community or compromising the college’s duty to investigate and process sexual harassment and sexual violence complaints.

4. The student conduct officer, prior to initiating disciplinary action, will make a reasonable effort to contact the complainant to discuss the results of the investigation and possible disciplinary sanctions and/or conditions (if any) that may be imposed upon the respondent if the allegations of sexual misconduct are found to have merit.

5. The student conduct officer, on the same date that a disciplinary decision is served on the respondent, will serve a written notice informing the complainant whether the allegations of sexual misconduct were found to have merit and describing any disciplinary sanctions and/or conditions imposed upon the respondent for the complainant’s protection, including disciplinary suspension or dismissal of the respondent. The notice will also inform the complainant of his or her appeal rights. If protective sanctions and/or conditions are imposed, the student conduct officer shall make a reasonable effort to contact the complainant to ensure that prompt notice of the protective disciplinary sanctions and/or conditions.
SUPPLEMENTAL APPEAL RIGHTS
WAC 132__-125-115

1. The following actions by the student conduct officer may be appealed by the complainant:

The notice of appeal may include a written statement setting forth the grounds of appeal. Failure to file a timely notice of appeal constitutes a waiver of this right and the disciplinary decision shall be deemed final.

3. If the respondent timely appeals a decision imposing discipline for a sexual misconduct violation, the college shall notify the complainant of the appeal, and provide the complainant an opportunity to intervene as a party to the appeal.

4. Except as otherwise specified in this supplemental procedure, a complainant who timely appeals a disciplinary decision or who intervenes as a party to respondent’s appeal of a disciplinary decision shall be afforded the same procedural rights as are afforded the respondent.

5. Respondent and Complainant shall have the right to be accompanied by a non-attorney assistant of their choosing during the appeal process. Either party may choose to be represented at the hearing by an attorney at his or her own expense, but will be deemed to have waived that right unless, at least four (4) business days before the hearing, he or she files a written notice of the attorney’s identity and participation with the committee chair, and with copies to the respondent and the student conduct officer.

6. During the proceedings, complainant and respondent shall not directly question or cross examine one another. All questions shall be directed to the chair, who will act as an intermediary and pose questions on the parties’ behalf.

7. Hearings involving sexual misconduct allegations shall be closed to the public, unless respondent and complainant both waive this requirement in writing and request that the hearing be open to the public. Complainant, respondent and their respective non-attorney assistants and/or attorneys may attend portions of the hearing where argument, testimony and/or evidence are presented to the student conduct committee.

8. The student conduct committee will serve complainant a written notice indicating that an initial order has issued on the same date that the initial order is served on respondent. This notice shall inform the complainant whether the sexual misconduct allegations were found to have merit and describe any sanctions and/or conditions imposed upon the respondent for
complainant’s protection. The notice shall also provide directions on how the complainant can appeal the decision to the president.

9. Complainant may appeal the student conduct committee’s initial order to the president subject to the same procedures and deadlines applicable to other parties.

10. The president will serve complainant a written notice indicating that the appeal has been resolved on the same date that the final order is served upon the respondent. This notice shall inform the complainant whether the sexual misconduct allegation was found to have merit and describe any sanctions and/or conditions imposed upon the respondent for the complainant’s protection, including suspension or dismissal of the respondent.

ITEM #11:  President’s Evaluation (for information)

BACKGROUND:

President Leas will discuss the president’s evaluation process. In preparation for the president’s evaluation the following is a recap of the process:

From Policy Governance 1000.4 <http://information.bigbend.edu/administration/policies/boardpolicy/Pages/default.aspx> Board Staff Linkage (BSL) 4

“A.        A tool to be used in the evaluation of the president is a focus group of community leaders from across the college district, to discuss college accomplishment of board End’s statements. Prior to the conduct of the focus group the board will discuss and select any specific questions they wish introduced to the focus group dialogue directly related to the president’s job description and/or Executive Limitations in addition to those based on the End’s statements.

B.        The board will discuss the Academic Master Plan report results, Executive Limitations information and focus group conversations with the president in executive session.

C.        The results of the evaluation will be reported in open meeting with any necessary action to occur at that open meeting.”

The May Board agenda usually has an information/action item that reads:

“The Board will discuss conducting the President’s annual evaluation per the following: BSL-3, BSL-4, AP3500. In preparation for action to be taken in June as prescribed by the PG BSL 4.”
In 2013, the trustees chose to perform the president’s evaluation during the retreat that was held September 12.

Excerpt from 9-12-13 Board Retreat Minutes
“3. President’s Evaluation

Board Chair Mike Blakely announced that the Board will convene an executive session under RCW 42.30.110(1) for the following purpose: g) to evaluate the qualifications of an applicant for public employment or to review the performance of a public employee. The executive session will last 10 minutes, and no final action will be taken during this executive session.

The regular meeting reconvened at 10:20 a.m., and no final action was taken by the Board during executive session. Board Chair Mike Blakely read the following presidential evaluation statement.

The following summary of the performance of Dr. Terry Leas is based upon:

a. His recognition and contribution to the mission statement, vision, values and core themes of BBCC.

b. His self-evaluation and list of activities during the year.

c. Written evaluations by administrators, faculty and support staff.

d. Individual observation by the trustees on campus and during community visitations.

e. End statement documentation that the board goals of innovation/partnership, access, student achievement, institutional, climate, resource management and multicultural goals were met.

We are very pleased with the first year performance of Dr. Terry Leas. He replaced one of the most popular community college presidents in the state, who retired after 17 years at BBCC. Dr. Leas has not changed the culture of BBCC, but he is slowly and methodically taking ownership of the institution. Those who work around him are devoted to his ideals. He is liked by the faculty and support staff and they all feel that he is very accessible.

It is our consensus that Dr. Leas has meet or exceeded the goals set forth by the trustees as verified by the ends statements. We are looking forward to an even more productive second year and hope that Dr. Leas will allow us to extend his contract one more year.
Trustee Stephen McFadden thanked President Leas for the manner in which he approached his role as president. He said it was very healthy for trustees and campus. He also appreciated President Leas’ willingness to be present and visible in the service district communities.

President Leas stated he read an article in the Chronicle of Education recently regarding the non-renewal for convenience clause of the President’s contact. The article it was explained that the president and trustees had philosophical differences. When the president’s contract was not renewed, there was speculation regarding the cause. The president and trustees agreed on wording to clarify the situation in order for the president to avoid suspicion later in his career. President Leas stated he does not plan to leave; however, he would like to add a clause to his contract stating upon exercising the termination for convenience clause in his contract, he and the trustees will mutually agree on a public statement. The trustees agreed with adding the clause: In the event the Board of Trustees exercises this termination for convenience clause, the Board of Trustees and President agree that a statement to the public regarding the termination will be mutually agreed upon by the President and Board.

Motion 13-26 Trustee Jon Lane moved to accept the 2012-13 Presidential evaluation as presented. President Leas’ contract will be extended one year to end June 2015, and include the addition of the mutually agreed on statement clause. Trustee Mike Villarreal seconded, and the motion passed.

Trustee Jon Lane congratulated President Leas and stated it has been a great transition.”

Prepared by the President’s Office.

RECOMMENDATION:
President Leas recommends the Board specify the process and timeline to evaluate the college president.
