

# BIG BEND COMMUNITY COLLEGE

## HEALTHCARE

### MEDICAL ASSISTING – AAS

NAME:

HEALTHCARE

This is an example course sequence for students interested in earning a Medical Assistant degree. It does not represent a contract, nor does it guarantee course availability. If this advising map is followed as outlined, you will earn an Associate in Applied Science Degree.

The MA program prepares students with the knowledge, skills, and abilities to obtain an entry level position as a national and state certified Medical Assistant. Completion of this program leads to roles in clinics, urgent care facilities and some larger hospitals. The certificate as well as the AAS degree will prepare students to use administrative and clinical skills in a healthcare setting that often includes multitasking, problem solving and the ability to work as a team with other healthcare professionals. Medical Assisting will prepare students to obtain adult and pediatric vital signs, perform clinic based laboratory testing, assist with minor surgeries and perform injections as well phlebotomy.

### ENTRY REQUIREMENTS

- Complete Admissions and Placement processes
- Meet with MA advisor prior to enrolling

Students entering most healthcare professions programs will be required to present documentation of health history and vaccination status, undergo annual tuberculosis screening, submit to a background check, submit to initial and random drug screening, and undergo finger printing prior to licensing with the state of Washington. Students should consult with a healthcare advisor if any of these requirements are a concern.

## MEDICAL ASSISTANT (AAS) PRE-REQUISITE FLOW CHART

Start by talking with your assigned advisor to determine which courses to take first based on your placement scores.

**Big Bend Community College**  
**WORKFORCE EDUCATION PROGRAM REQUIREMENTS**

**Certificate of Achievement**

Students working toward a Certificate of Achievement need to develop a program plan with the faculty advisor in their Workforce Education area of interest. The plan must include all related instruction components. The Certificate of Achievement is designed to provide recognition for the student who has not completed an Associate in Applied Science degree program.

**Certificate of Accomplishment**

Students working toward a Certificate of Accomplishment need to develop a program plan with the faculty advisor in their Workforce Education area of interest. The Certificate of Achievement is designed to provide recognition for the student who does not complete a Certificate of Achievement or an Associate in Applied Science degree program.

**Changes or substitutions for course work in the college catalog must be listed and approved by the advisor.** It is essential that students meet quarterly with their advisor before registration to review progress and plan their program.

Each program plan must be approved by the Workforce Education program advisor and Dean of Workforce Education. Certificates will be issued out of the Dean of Workforce Education Instructional Services office.
