If you do not have a finalized financial aid award by March 14 or do not receive enough to cover full tuition and fees you must pay the amount due or sign up for STEPP by March 14.

Failure to pay tuition and fees when due will result in cancellation of registration.

Advising

You are encouraged to see your advisor prior to registering for classes. Your advisor can help you plan your class schedule to assure you are meeting graduation requirements. If you have fewer than 30 earned credits you must see your advisor before you will be allowed to register. It is your responsibility to make an appointment with your advisor. Your registration access time is for registration only.

Quarterly PIN

Quarterly registration PINs are required for current students who have earned fewer than 30 credits. These quarterly PINs may be obtained from your advisor. If you have earned 30 or more credits, your quarterly PIN is the same as your global PIN. For returning students, the appropriate quarterly PIN will be assigned when you call for a registration access time. See "Previously Enrolled Student Information" to the right.

Running Start Students

Running Start students must obtain a signed Running Start Enrollment Verification Form from their high school each quarter. This, in addition to any tuition or fees (if applicable), must be submitted to BBCC by March 14 or registration will be cancelled. Please see the tuition section for more information about Running Start student fees.

For further information, please see the [BBCC Catalog](#). United States citizens and legal permanent residents who do not live in Washington State qualify for a waiver as part of the nonresident tuition. Students who lived in Washington State for the three years immediately prior to receiving a high school diploma or equivalent may qualify for resident tuition. Individuals covered by the Choice Act may qualify for resident tuition; please see the Veterans Coordinator for more information.

Running Start Fee Waiver Policy

ESHB 2119, passed by the 2009 legislature and signed by the governor, requires Running Start students to pay all mandatory and/or student-voted fees as established by each college. Running Start students must pay the per-credit technology fee of \$5.65, plus all course fees. The technology fee will be waived for low income Running Start students. A student is considered eligible for a waiver of the technology fee upon proof that the student is currently qualified to receive free or reduced-price lunch at their high school. Documentation must be provided each year to the Student Administrative Support Services Office (1400 Bldg.). Documentation must be submitted no later than the fifth day of the quarter to receive the waiver for that quarter. Course fees are not eligible to be waived through this policy.

Senior Citizens Tuition Rate

Are you age 60 or older? You may register for two state-supported courses per quarter at a rate of \$10.00 per course, \$5.65/credit technology fee and any class fees, on a space available basis. Community Education classes do not qualify for the reduced rate. Registration on a space available basis will begin at 2:00 p.m. on the first day of instruction. Instructor's signature is required. If you choose to enroll in more than two courses in a quarter you will be required to pay normal tuition and fees for the additional courses.

State Employees Tuition Waiver

Permanent classified employees of Washington State and BBCC employees who are employed half time or more may be eligible for a tuition waiver. BBCC will award five waivers each quarter to non-BBCC employees who qualify. State employees should contact the BBCC Student Administrative Support Services Office for an eligibility form. Your personnel office must sign this form. Completed forms will be accepted in the Student Administrative Support Services Office beginning March 1 at 7:30 a.m. Tuition waivers will be awarded on a first-come, first-served basis. If you receive this tuition waiver, you may register on a space available basis beginning on the fifth day of the quarter (April 5). Instructor's signature is required. The registration fee is \$5.00 per credit. You are also responsible for the \$5.65/credit technology fee and any class fees. NOTE: Teachers and other certificated instructional staff employed at public common and vocational schools, holding or seeking a valid endorsement and assignment in a state-identified shortage area, may qualify for this waiver.

"Eligible" Veterans or National Guard Members Waiver

An eligible veteran or National Guard member is defined as one who is:

- Washington domiciliary;
- Active or reserve member of military or naval or National Guard called to active duty;
- Served in active federal duty under either Title 10 or Title 32 of the US Code in a war or conflict fought on foreign soil or in international waters, or served in support of those that were;

BBCC will waive 25% of tuition for eligible veterans or National Guard members. A copy of a DD214 or current military records must be submitted to the Veteran's Coordinator in the Student Administrative Support Services office (1400 Bldg.).

"Other" Veterans

BBCC will waive 25% of tuition for other military or naval veterans who do not qualify as eligible because they did not serve on foreign soil or international waters, nor did they support those that did. The State Board for Community and Technical Colleges has reviewed this waiver and determined that this does not include National Guard members. A copy of a DD214 or current military records must be submitted to

the Veteran's Coordinator in the Student Administrative Support Services office (1400 Bldg.).

Veterans' Families

Substitute Senate Bill 5002 (2007), modifying RCW 28B.15.621, provides a tuition waiver of all tuition and fees for certain children and spouses of eligible (see above) military personnel who were killed or totally disabled while engaged in active military service, or who are determined by the federal government to be a prisoner of war or missing in action. A child must be a Washington resident (for tuition purposes) and between the age of 17 and 26 to be eligible for the waiver. Upon turning 27 years old, the child becomes ineligible for the waiver. A surviving spouse must be a Washington resident for tuition purposes and have 10 years from the date of the death, total disability, or federal determination of prisoner of war or missing in action status of the eligible veteran or National Guard member to receive the benefit. Upon remarriage, the surviving spouse becomes ineligible for the waiver. Documentation must be submitted to the Veteran's Coordinator in the Student Administrative Support Services office (1400 Bldg.).

Refunds

Failure to attend classes does not constitute withdrawal. If you leave BCC without completing the withdrawal procedures you will receive a failing grade in all courses in which you were registered and will forfeit any right to refund of fees. If you are requested to withdraw for disciplinary reasons or delinquent attendance you will not be eligible for refunds. Refunds are made on the following basis for classes that meet the entire quarter:

DATE CLASS IS DROPPED	PERCENT REFUND
Prior to April 1	100%
April 1 through April 7	80%
April 8 through April 14	50%
April 15 through April 19	40%
April 20 or later	No refund

Courses that have different start/end dates than the regular quarter may have different refund dates. Refund amounts are unofficial until verified and processed by college personnel. Students using the STEPP plan may have outstanding balances which are not reflected on the class schedule statement; outstanding balances by the due dates stated in the student's contract. Please allow two weeks from the date of your drop for refund processing. Financial aid refunds will not be processed until after the third week of the quarter.

Financial Aid

If you hope to receive financial aid for spring quarter and have not completed the forms you should do so as soon as possible. The priority date for spring quarter is February 2, 2019. A completed file consists of all documents necessary to complete a needs analysis to determine eligibility. Questions

should be directed to personnel in the Student Administrative Support Services Office (1400 Bldg.) or via telephone at 509.793.2061.

Veterans/Selected Reserve Educational Assistance Programs

If you expect to receive educational benefits paid by the Department of Veterans Affairs, you must contact the Veterans Coordinator (located in the Student Administrative Support Services office, Building 1400) after registering for classes. You must be enrolled in an approved program and be certified before the VA will make payment.

Waitlists

You will be given the option to put your name on a waitlist when you attempt to register for some full classes. You will not be able to add your name to a waitlist until your assigned registration access time. **If you put your name on a waitlist, you will be automatically registered for the class if a space becomes available.** Because you are automatically registered, it is important that you remove your name from waitlists of classes you no longer want. You should check your schedule daily to find out if you have been registered for a waitlisted class; you may not receive notification of changes to your schedule. You may only add your name to a waitlist for one section of a course and may not be on a waitlist for a course in which you have registered. For example, if you register in an 8:00 a.m. section of ENGL& 101, you may not be on a waitlist for a different section of ENGL& 101. Waitlists do not guarantee that seats will become available.

How does the waitlist process work?

1. Once a class becomes full, a waitlist is created for approved classes. Prior to adding your name to a waitlist, you should first check to see if other sections of the course are open.
2. Once added to a waitlist, it is your responsibility to track the waitlist status. Check the [Student Kiosk](#) daily to see if your position on the waitlist changes and to remove yourself from waitlists for classes you no longer want. This is done by going to the [Student Kiosk](#) and selecting Waitlist Inquiry/Update.
3. If you are first on the waitlist and a seat becomes available, you will automatically be enrolled in the class. The waitlist process runs at approximately 7:30 a.m. and 3:00 p.m. daily.
4. Once the tuition due date has passed, you will have two business days following registration into a class from the waitlist to make payment. It is your responsibility to monitor your class schedule status and pay any additional fees. You are also responsible for making sure your schedule is accurate by dropping any unwanted classes.
5. Waitlists are active through the Friday prior to the first day of the quarter (March 29). If you are still on the waitlist at that time, you may attend the first class session or meet with the instructor to ask for permission to enroll.
