COURSE LEARNING OUTCOMES

Upon successful completion of the course, students should be able to demonstrate the following knowledge or skills:

1. To give the student work experience within the Aviation industry so they will develop a better grasp of the issues within the industry, and apply skills learned through the program
2. Upon completion of the course, the student will:
 1. Obtain skills to enhance their knowledge of the industry at large
 2. Obtain skills to enhance employability in an entry level position
 3. Acquire professional contacts
 4. Have experience in a practical work environment.

INSTITUTIONAL OUTCOMES

COURSE CONTENT OUTLINE

The student will, through written form:

1. Submit a description of the position desired and the responsibilities.
2. Identify what they want to achieve by the end of the work placement or internship.
3. The student will be evaluated by their work-based learning supervisor.
4. The student will evaluate himself or herself at the end of the work experience stating whether or not they achieved their learning objective and how.

DEPARTMENTAL GUIDELINES *(optional)*

This course will be graded on a pass/fail basis.
