### Calculating the Cost of Additional Credits

Tuition is calculated from the number of credits enrolled each term. Although international students are required to enroll in a minimum of 12 credits every term, many choose to enroll in 15 or more credits. The information below will help you calculate the cost of those additional credits.

Technology fees are charged @ \$6.35 per credit. Class fees vary depending on the individual class.

Quarterly Tuition Rate for International Students	Charge per Credit
Credits 1 through 10	\$317.95
Credits 11 through 18	\$68.96
Credits 19 and over	\$305.24

International Tuition Rate

### Tuition Payments

Tuition is due on or before the Tuition Due date listed on the [Academic Calendar](#). A payment plan is available, for an additional fee, with the first payment due on the Tuition Due date. See [STEPP](#) for additional details.

Failure to pay tuition and fees on time may result in having your classes dropped, putting you out of compliance on your F-1 visa.
