NOTE: For Programs, your “Outcomes Crosswalk to Courses” will be related to your specific Program Outcomes. You will need to list your outcomes and adjust the chart accordingly.

(For the workforce programs, you need to crosswalk your courses with the program outcomes. Last fall, you updated the program outcomes to ensure that the Institutional (then called Related Instruction) outcomes of Communication, Computation, and Human Relations were either embedded in the program outcomes or added to them. As a result, all you need to do is make sure that you are addressing each of the program outcomes and you are also hitting the Institutional Outcomes. You should already have it done in the (or mostly done) from the work you did previously in their Excel sheet assessment plans on the Canvas page. Moving forward, faculty should be able to just update the document each fall when they are doing their assessment plans for the year).

*List the Gen Ed (GE) which will be assessed, in the cross-section of the “course” row and the “year assessed” column.

**You can find the Gen. Ed.s listed for each course, on the course MCOs. Course MCOs can be found on the Faculty Portal. Most programs/departments have already created a “Gen Ed to course” crosswalk in the 7-year Excel Workbook created under Dr. Leonard 3 years ago.
