Lab Hrs:

Other Hrs: 33-198

Distribution Designation:

### COURSE DESCRIPTION (as it will appear in the catalog)

A supervised work experience in the welding technology field to enhance the application of classroom instruction and skills and/or area of specialization approved by the program Instructor. May be repeated up to twelve (12) credits.

### PREREQUISITES

Instructor Permission

Co-requisite: WLD 297

### TEXTBOOK GUIDELINES

Text and materials as decided by welding faculty.

### COURSE LEARNING OUTCOMES

*Upon successful completion of the course, students should be able to demonstrate the following knowledge or skills.*

1. The student will have work experience as a new entry level employee in the welding technology field.
2. The student will acquire employment and technical contacts outside of the classroom.

### INSTITUTIONAL OUTCOMES

### COURSE CONTENT OUTLINE

- Students are expected to keep a day-to-day journal of their experiences, duties, thoughts objectives, new information, and generally anything related to learning new information and skills.
- Students will be evaluated by their work experience supervisor.
- Students will evaluate their work experience and employer every three (3) weeks.
- Students will evaluate themselves.
- Other assignments may be given at the discretion of their work experience advisor.

### DEPARTMENTAL GUIDELINES (optional)

Course will be graded on a pass/fail basis.
